San Jose council, No. 14, K, of C., held open house at their rooms in the held open house at their rooms in the up at some of the manholes and overflows. As the pressure was down five pounds at the pumping station in the morning, however, a leak may exist somewhere along the line of pipe, but the surplus water makes it difficult to

locate the exact spot.

O. B. S. Patriotic Exercises. Willimantic lodge, No. 120, of the American Benefit Society, at the reguar meeting Thursday evening, held patriotic exercises under the direction of the corator, Francis W. Ashton, A unch was served, and a most pleasant evening enjoyed by all. The lodge is one of the largest in this city, and is is noted for its social gatherings.

To Open High School Building Formally,

Plans are under way for a big night hen the new Windham High school pilding is formally turned over by the milding committee, of which George F. Taylor is charman, to the town school committee. It is hoped to have music by the Glee and Mandolin clubs of the institution, a basketball game, and several addresses. The exact date has not been set, and the plans are not definitely formulated.

Mrs. Helmald Improving, Mrs. C. C. Helmold, who was oper-

ated upon for internal trouble at the private hospital in this city Tuesday, is reported as improving. If nothing untoward occurs, it is expected that she will be able to leave the initution in another week.

Final Joint Meeting.

The board of relief and assessors held the last of their joint meetings in the town hall building Thursday evening, and discussed the balance of the appeals from assessments which had been put before them in proper form. The board of relief will later on meet and formulate a report of their findings in the several matters.

Buried in Greenwood.

The Late Abiel S. Brown.

The following is from a Pennsylvania paper in regard to the death of Abiel S. Brown an uncle of Turner F Greene of Plainfield: Monday after acrous kind of which young Cundall had made a collection, these containing the hated brown tail moths. The discovery of their character was made by the boy's grandfather, and they were removed from the house, where they had been placed to open, and were destroyed. Now the boy, assisted by his playmates, is on the warpath, and all cocoons of a dangerous variety are being caught and given the "third degree" treatment.

Considerable time in the superior sitting in Westerly before Judge John W. Sweeney. Thursday, was occupied by the presentation of evidence in the clise of Chase vs. Brown. The suit arose over an automobile accident on Franklin street last summer and has aiready been heard in the Third district court. Among the witnesses Thursday were Courtland M. Chase, W. D. Healey, Charles W. Lamb, Mrs. Edith T. Lamb, Ethan Crandall, Mrs. Otis E. Brown. Mrs. Ella M. Sikes, Miss Mildred K. Taylor, Fred D. Sisson and Charles F. Eldredge. Most of the evidence dealt with the time of day the accident occurred and the condition of the weather at the time.

Built-in mileage is far better than patched-up adjustments —

When you buy Diamond Tires you buy tires that are built to give you' the maximum tire service-tires that give you freedom from trouble and relieve you of the necessity of having adjustments made. This is what a dealer who sold many thousands of Diamond Tires last year has to say about the service they gave the buyers:

"Cleveland, Dec. 15, 1914. "Gentlemen: "The performance of Diamond Tires during the past year has been eminently satisfactory. The claims for adjustment were almost a negligible quantity. On the other hand, we have had a great many voluntary reports as to the excellent service our customers have had from Diamond Tires. We feel that a perfect balance has been worked out in the scientific construction of these Tires. The net result is that there appears to be the proper relation between the inside carcass and the outside rubber, so that there is no excess of either. The tire seems to wear out naturally and only after having given a very large mileage. "THE FOREST CITY RUBBER CO., "W. E. Crofut, President."

Similar reports of Diamond service have been received from dealers all over the country. Added to the wonderful Diamond service you can now buy Diamond Squeegee Tread Tires at the following

Norwich and Plainfield. DIFFERENCES BETWEEN

CHINA AND JAPAN. Conferences of Representatives Pro-

gressing Toward a Compromise Peking, China, Feb. 25 .- The outlook for an adjustment of the differences which have arisen between China and Japan has improved distinctly. The onferences between representatives of

conferences between representatives of two nations aptly are progressing toward a compromise.

The most important step taken in this direction was disclosed here today. The Japanese government has given indications which are regarded as definite that it will not insist for the present upon the group of general demands which it presented. These include the chief points upon which China based her resistance to the representations from Toklo. The principal demands which Japan is reported

China based her registance to the rep-resentations from Tokio. The princi-pal demands which Japan is reported thus to have waived for the present are outlined as follows: The Chinese government shall con-suit Japan before choosing foreign advisers in political, military and finan-cial matters, and if such advisers are can matters, and it such advisers are employed, Japanese shall be preferred. China and Japan shall police jointly important places in China, or Jaanese shall be preferred in case foreign po-lice advisers are employed. China shall purchase from Japan at least one-half the arms and ammuni-

tion it uses hereafter; otherwise an arsenal shall be established in China, employing Japanese experts and mate Japan shall have special privileges in the province of Fukien and shall be consulted first in case foreign capital
